

PREFACE: INTRODUCING PISRS (PART II)

DAVID CARFÌ,^{ab*} FRANCESCO MUSOLINO,^{cd}
DANIELE SCHILIRÒ,^e AND FRANCESCO STRATI^{cd}
(Guest Editors)

This issue is the second part of the Journal's supplement containing the papers contributed to the Permanent International Session of Research Seminars (PISRS), which was held, since May 2011, at the DESMaS Department "Vilfredo Pareto" of the *Università degli Studi di Messina*, under the patronage of the Science Division of the *Accademia Peloritana dei Pericolanti*. The issue is divided into two sections: the first section includes contributions on Analysis, Differential Geometry and Mechanics, while the second one is focussed on Mathematics, Economics and Finance.
